

Report Number: CN244NBW 001

Model: See model list

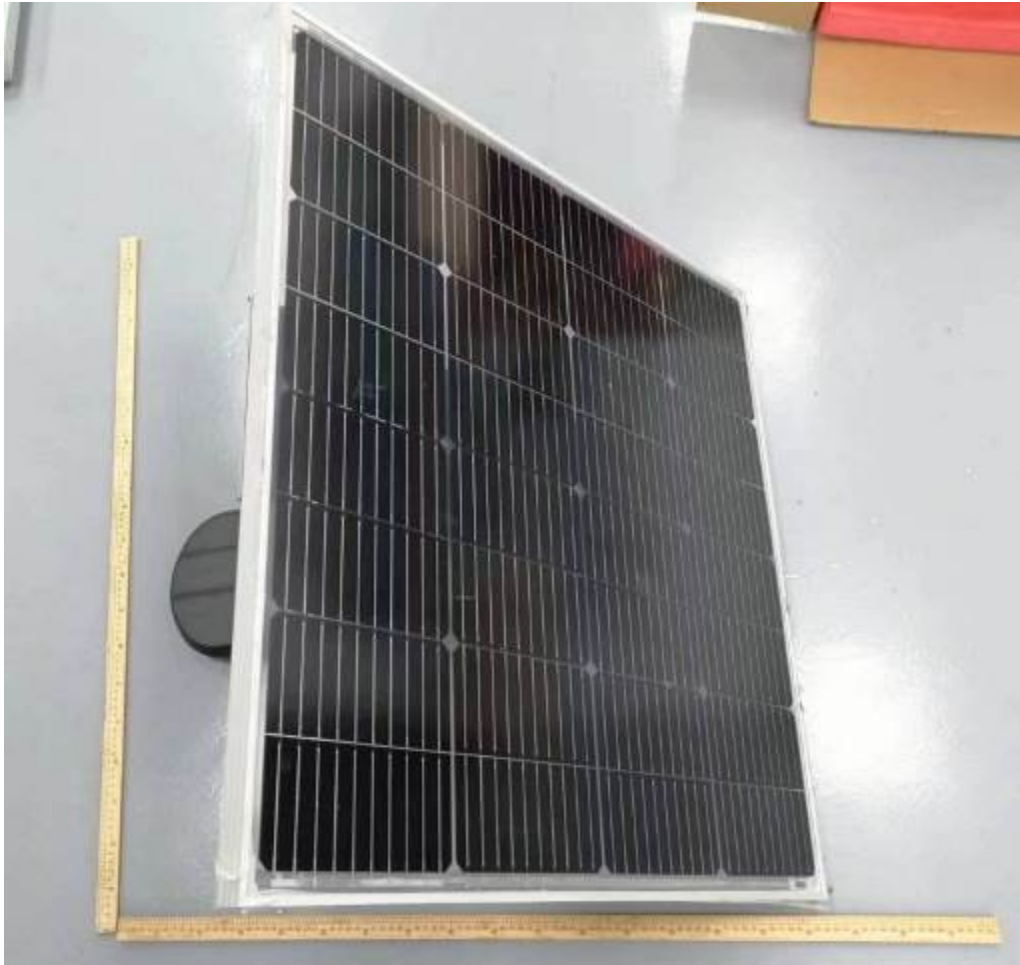

Overall view for
FC-60W

Overall view for
FC-60W

Report Number: CN244NBW 001

Model: See model list

Overall view for
FC-60W

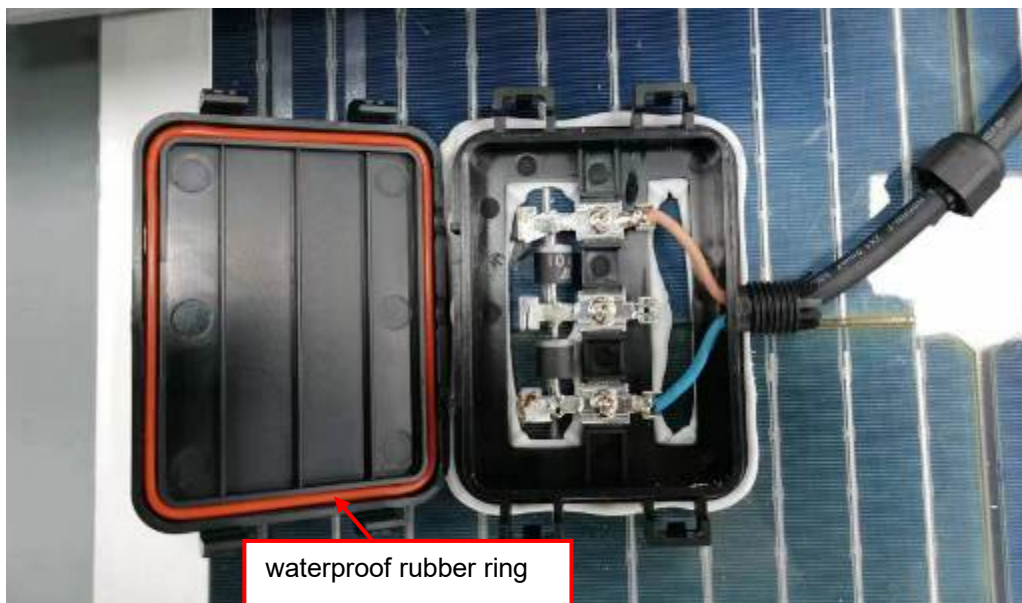

Detail view for
FC-60W

Report Number: CN244NBW 001

Model: See model list

Detail view for FC-60W

Solar connecting box view for FC-60W

Report Number: CN244NBW 001

Model: See model list

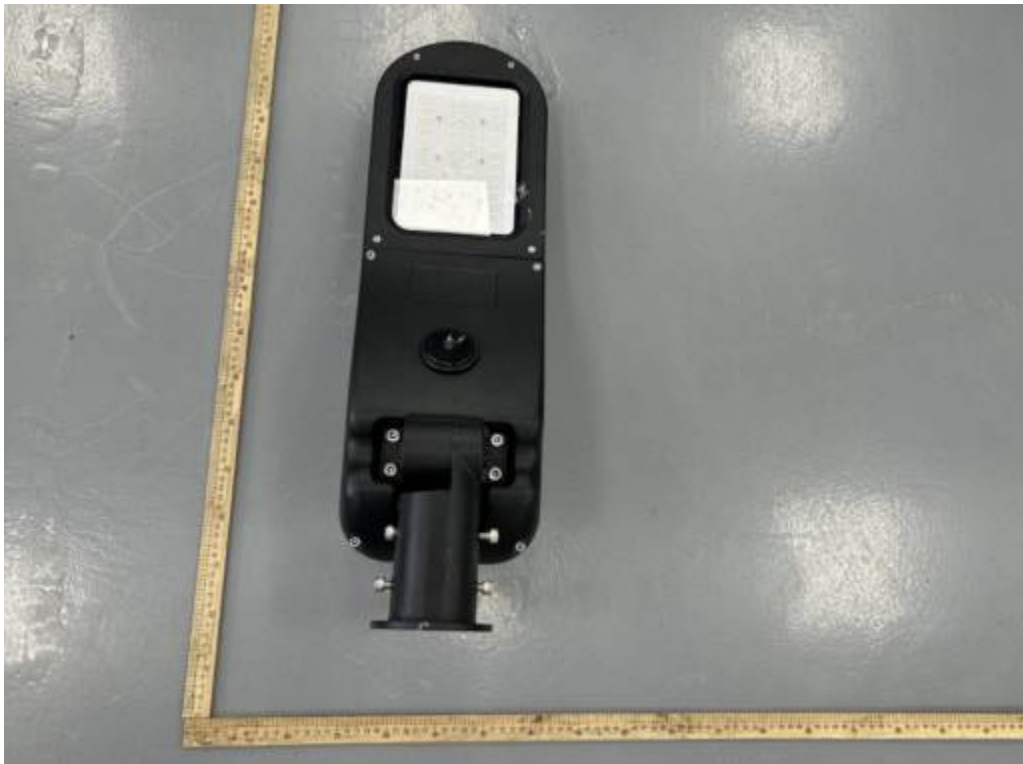

Adjusted device view for FC-60W

Lamp body view for FC-60W

Report Number: CN244NBW 001

Model: See model list

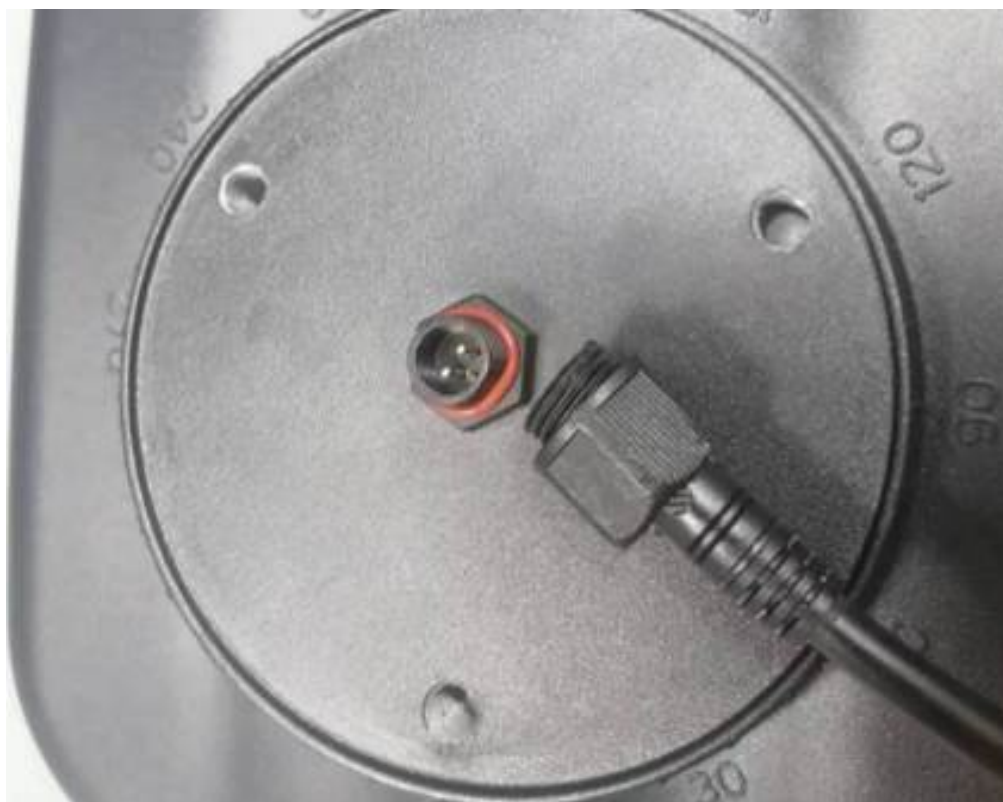

Lamp body view
for FC-60W

Lamp body view
for FC-60W

Report Number: CN244NBW 001

Model: See model list

Lamp body connector view for FC-60W

Lamp body input wire of internal view for FC-60W

Report Number: CN244NBW 001

Model: See model list

Internal view for FC-60W

waterproof rubber ring

Explosive view for FC-60W

Report Number: CN244NBW 001

Model: See model list

Detail view for FC-60W

Explosive view for FC-60W

Report Number: CN244NBW 001

Model: See model list

Controller device
view for FC-60W

Connector view
for FC-60W

Report Number: CN244NBW 001

Model: See model list

Glass cover view
for FC-60W

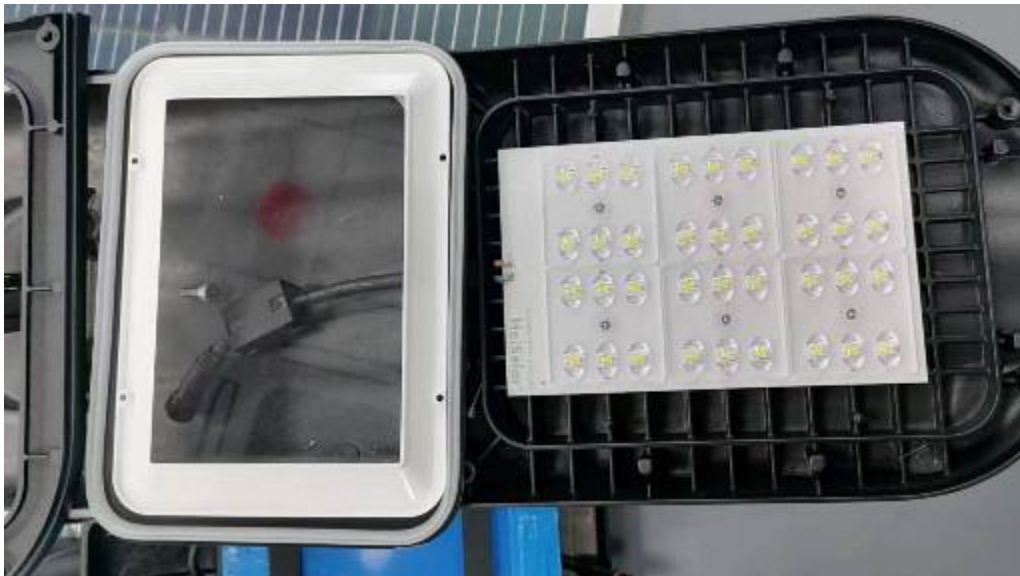

waterproof rubber ring

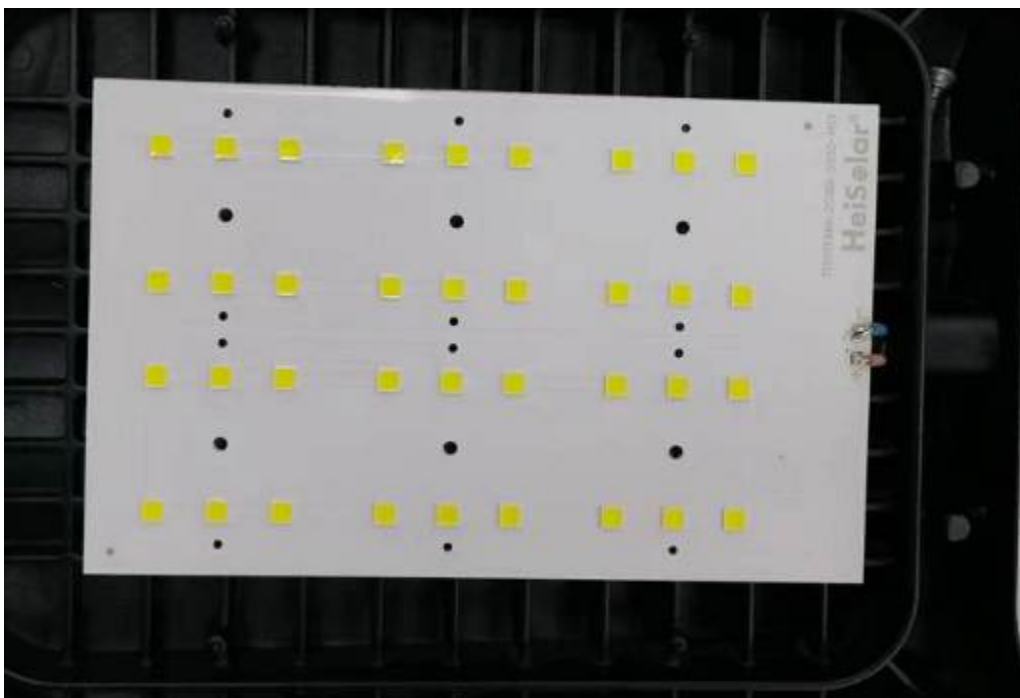

Internal view of
LED module for
FC-60W

Report Number: CN244NBW 001

Model: See model list

LED lens view for FC-60W

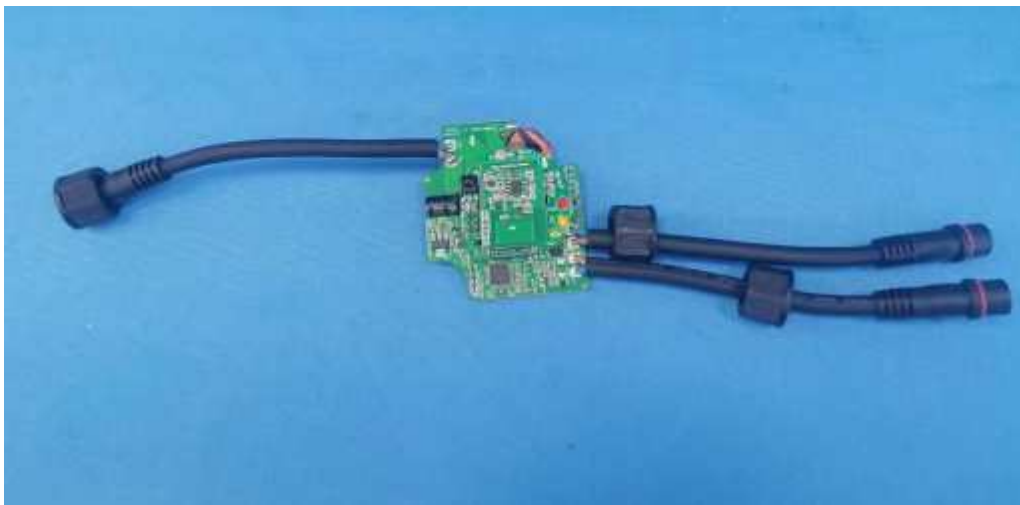

LED module view for FC-60W

Report Number: CN244NBW 001

Model: See model list

Internal of control device view for FC-60W

Internal of control device without enclosure view for FC-60W

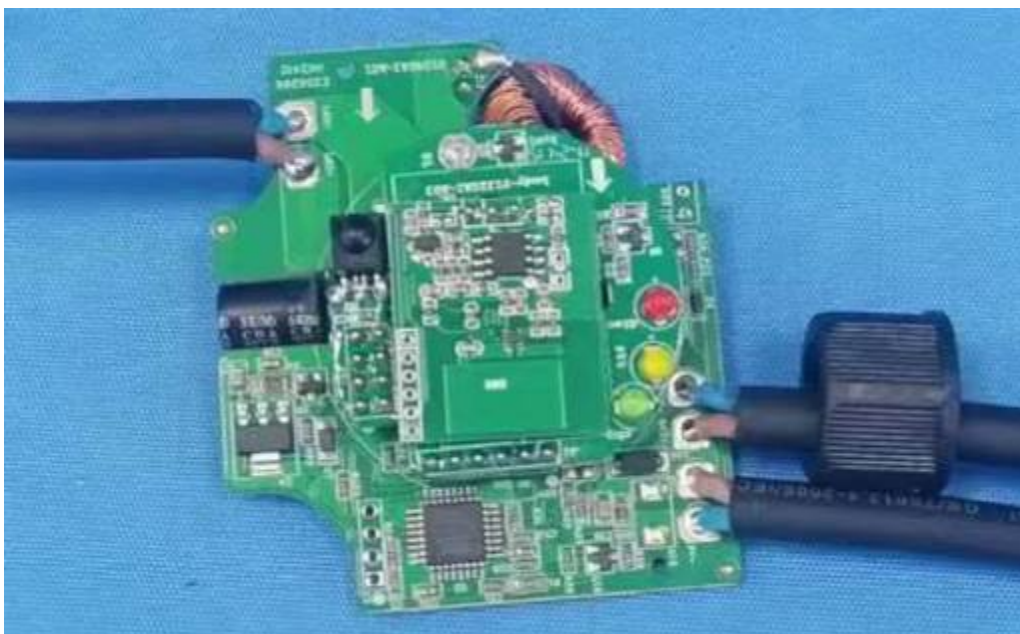

Report Number: CN244NBW 001

Model: See model list

PCB view of control device for FC-60W

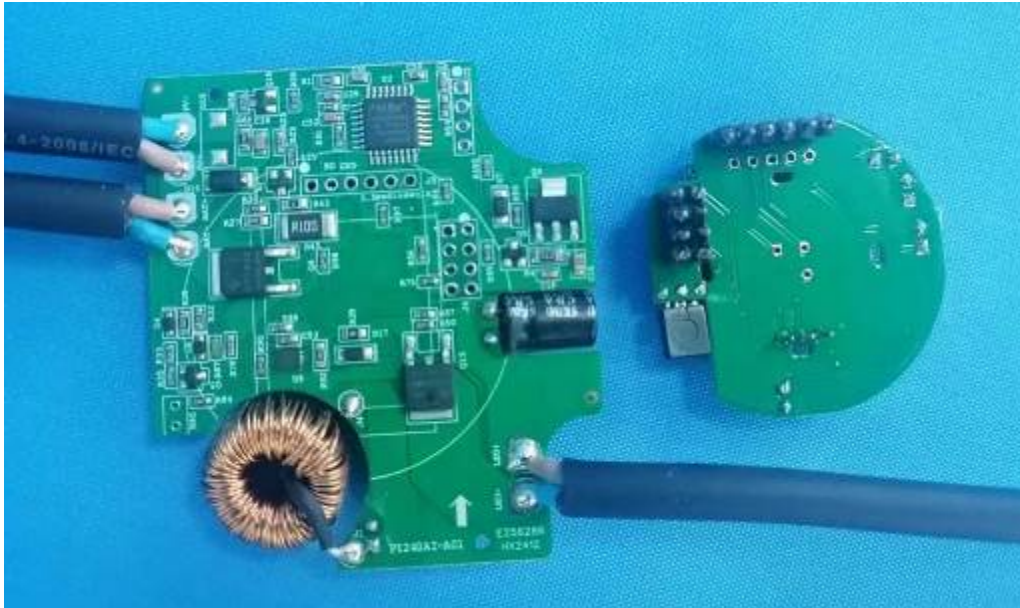

PCB view of control device for FC-60W

Report Number: CN244NBW 001

Model: See model list

Explosive view of control device PCB for FC-60W

Explosive view of control device PCB for FC-60W

Report Number: CN244NBW 001

Model: See model list

Son PCB view of control device for FC-60W

Son PCB view of control device for FC-60W

Report Number: CN244NBW 001

Model: See model list

Son PCB view of control device for FC-60W

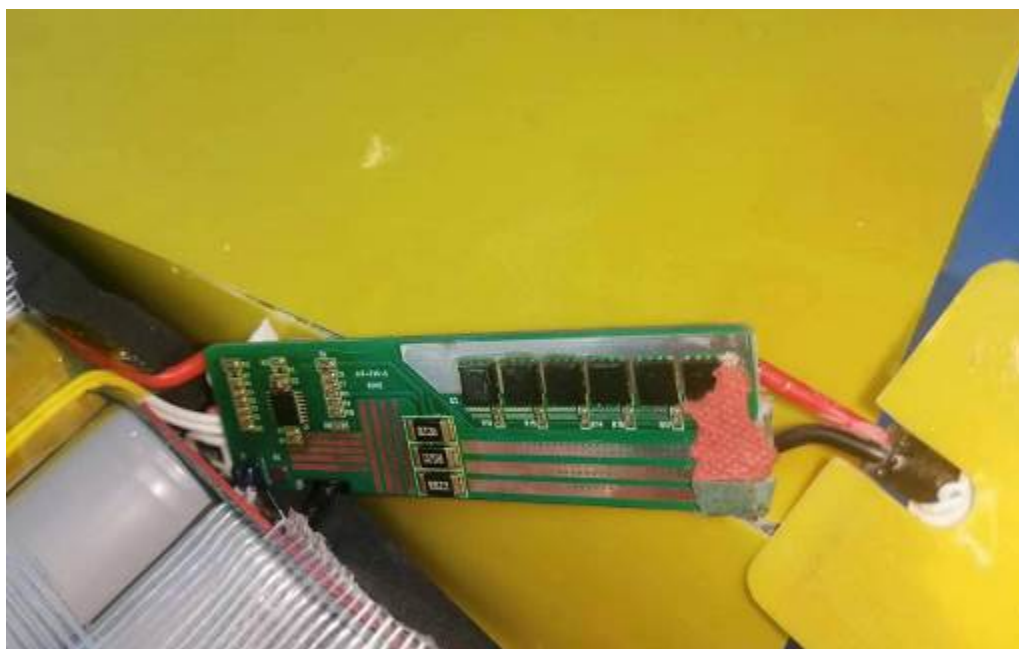

Son PCB view of control device for FC-60W

Report Number: CN244NBW 001

Model: See model list

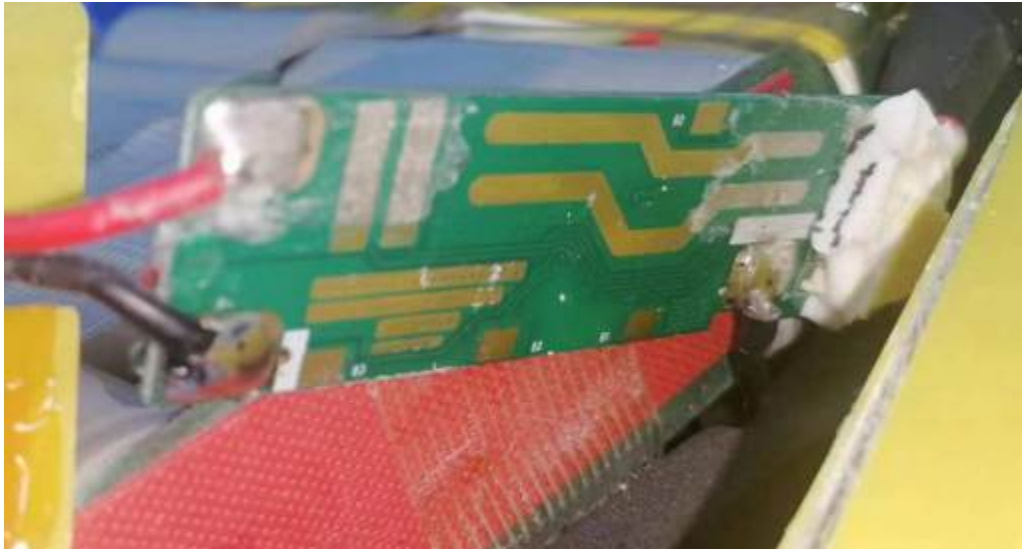

Battery pack view
for FC-60W

Battery protection
board view for
FC-60W

Report Number: CN244NBW 001

Model: See model list

Battery protection board view for FC-60W

Inductance view for FC-60W

Remark: the inductances of wire were alternative for series 1

Report Number: CN244NBW 001

Model: See model list

Overall view for
FC-60W, FC-
50W, FC-40W
with alternative
install way,
similar as models
in series 2

Report Number: CN244NBW 001

Model: See model list

Overall view for
FC-120

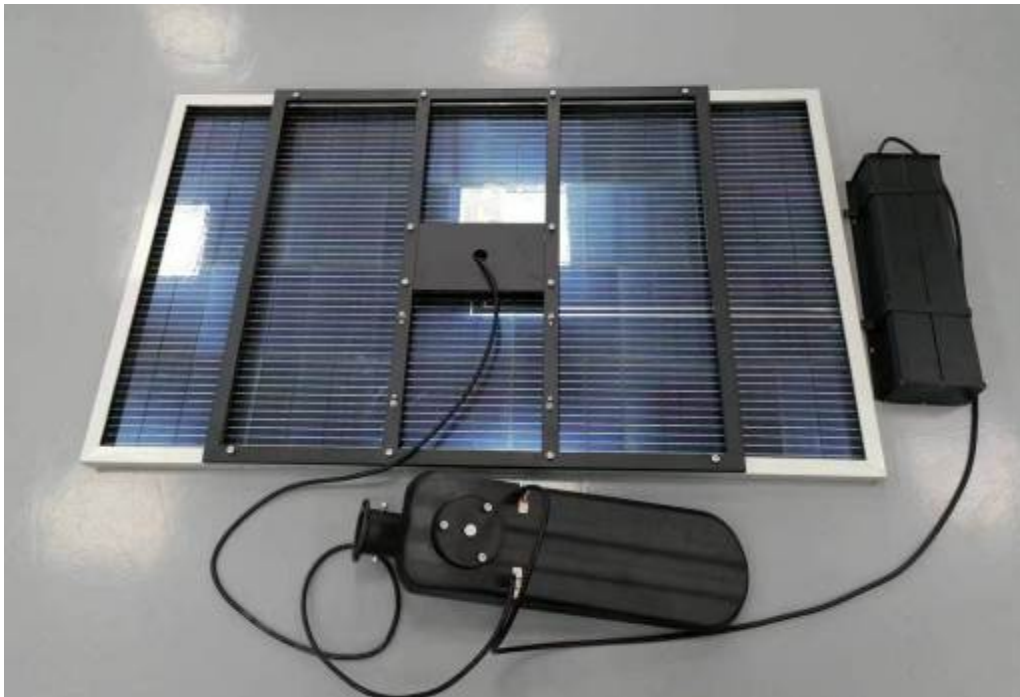

Explosive view
for FC-120

Report Number: CN244NBW 001

Model: See model list

Overall view for
FC-120

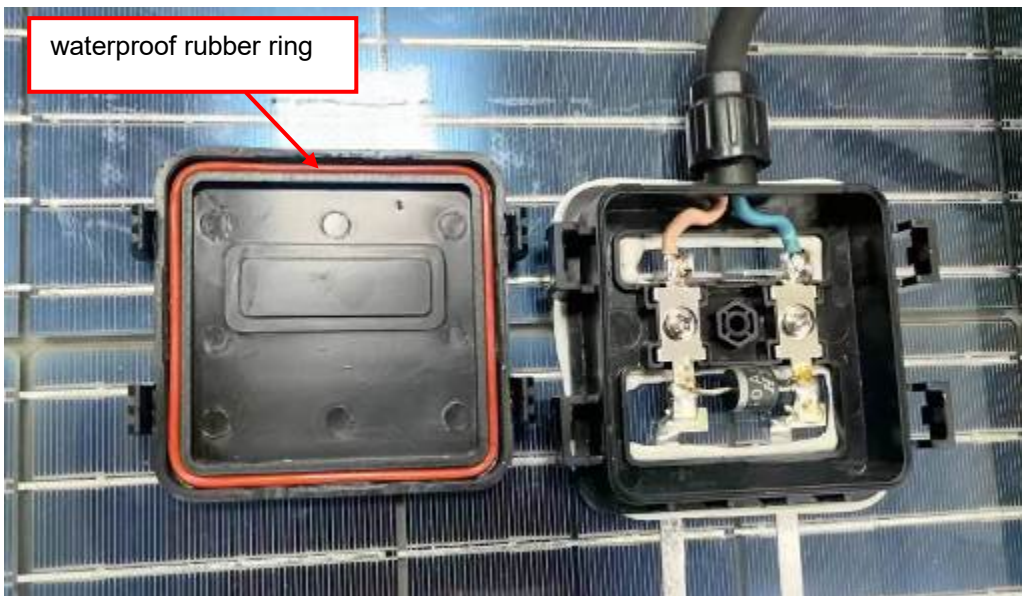

Overall view for
FC-120

Report Number: CN244NBW 001

Model: See model list

Lead wire of solar panel view for FC-120

Lead wire of solar panel view for FC-120

Report Number: CN244NBW 001

Model: See model list

Overall view of lamp body view for FC-120

Back view of lamp body view for FC-120

Report Number: CN244NBW 001

Model: See model list

Input connector of lamp body for FC-120

Detail view of lamp body for FC-120

Report Number: CN244NBW 001

Model: See model list

waterproof rubber ring

Internal view of lamp body for FC-120

Detail view of input connector for FC-120

Report Number: CN244NBW 001

Model: See model list

Internal connector view for FC-120

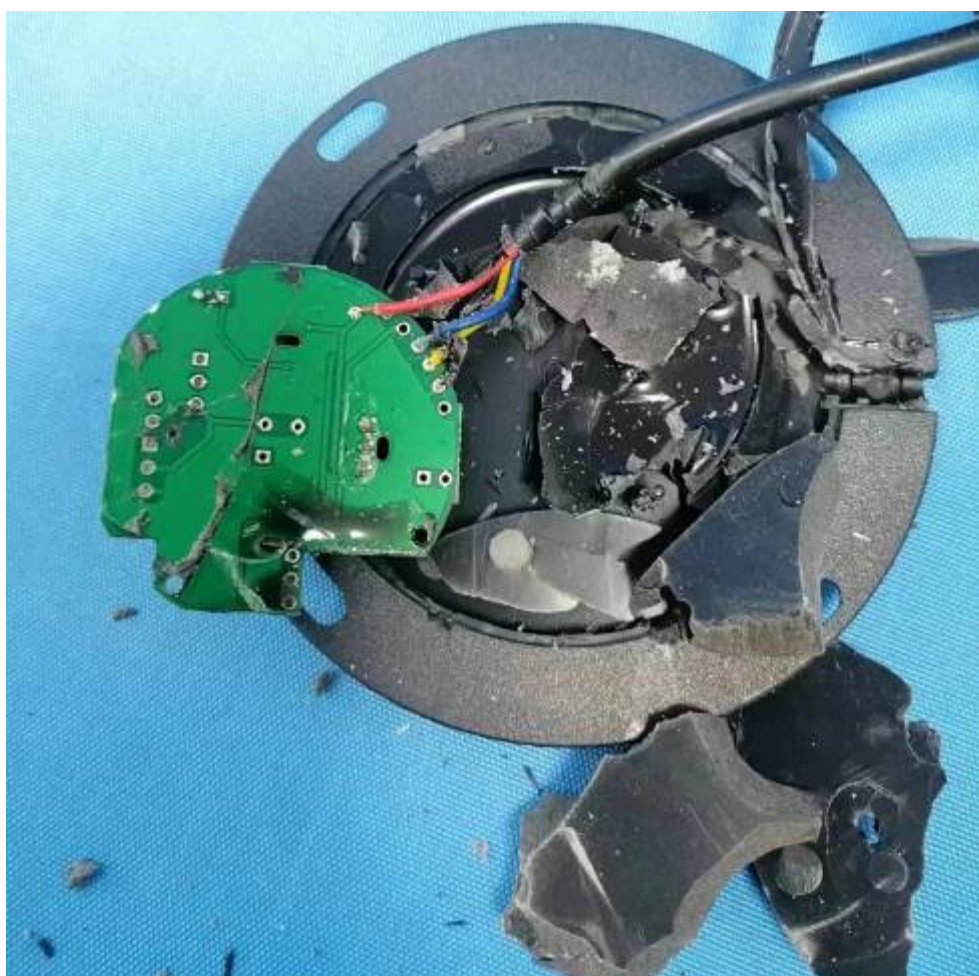

Sensor view for FC-120

Report Number: CN244NBW 001

Model: See model list

Internal view of sensor for FC-120

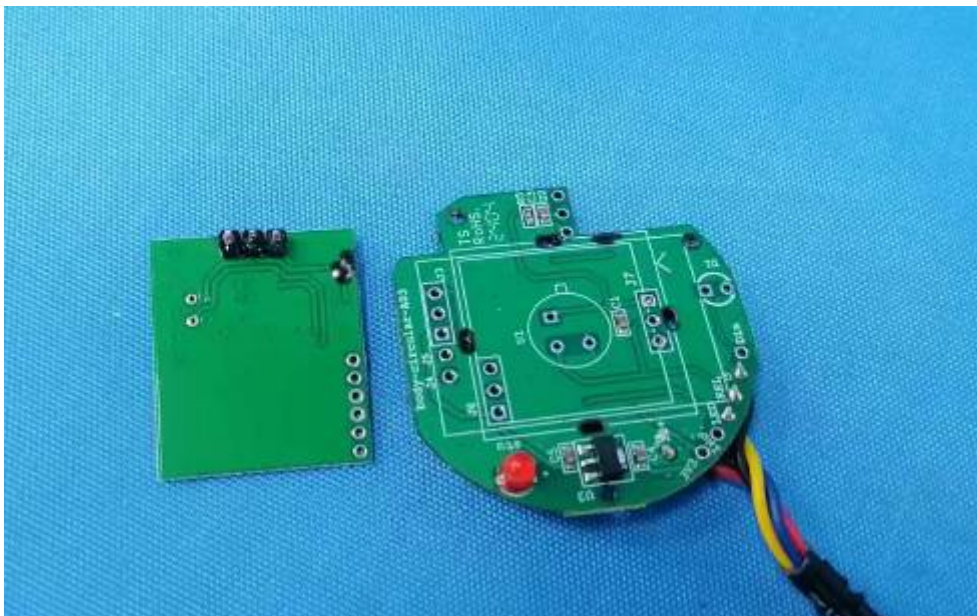

Internal view of sensor for FC-120

Report Number: CN244NBW 001

Model: See model list

PCB view of sensor for FC-120

PCB view of sensor for FC-120

Report Number: CN244NBW 001

Model: See model list

Control device view
for FC-120

Detail view of control
device for FC-120

Report Number: CN244NBW 001

Model: See model list

Glass cover view for FC-120

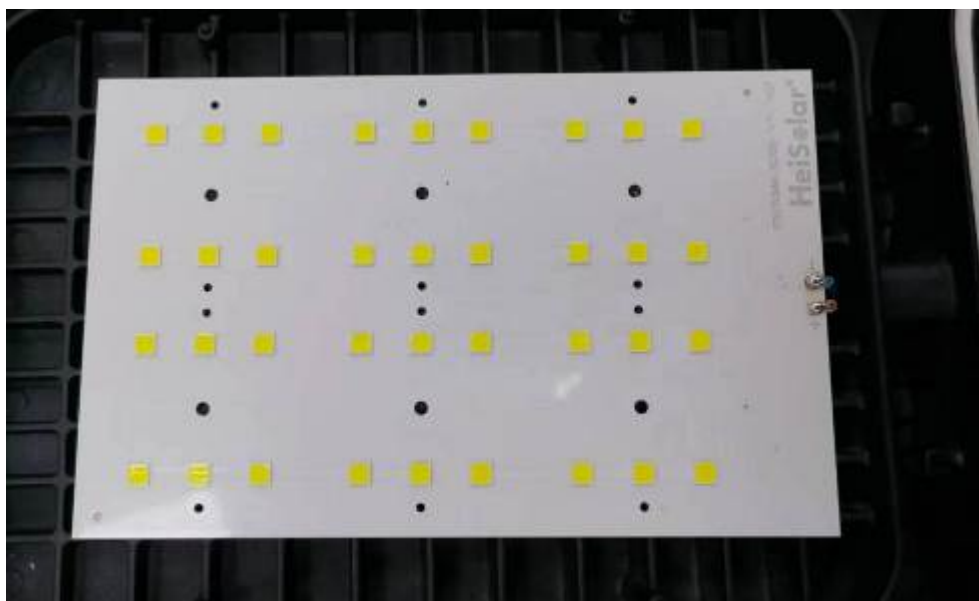

Internal view of LED module for FC-120

Report Number: CN244NBW 001

Model: See model list

LED lens view of LED module for FC-120

LED module view for FC-120

Report Number: CN244NBW 001

Model: See model list

Overall view for W-100

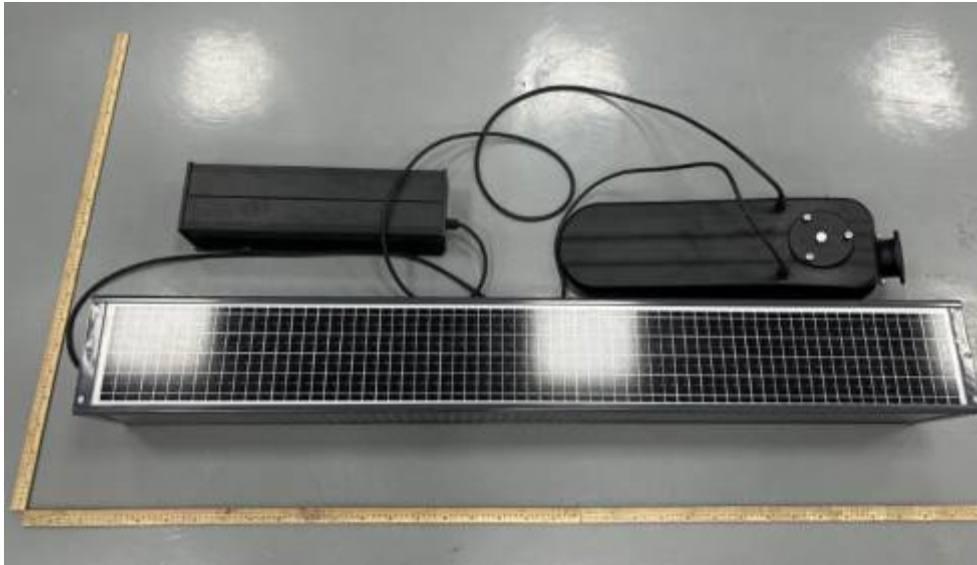

Explosive view for W-100

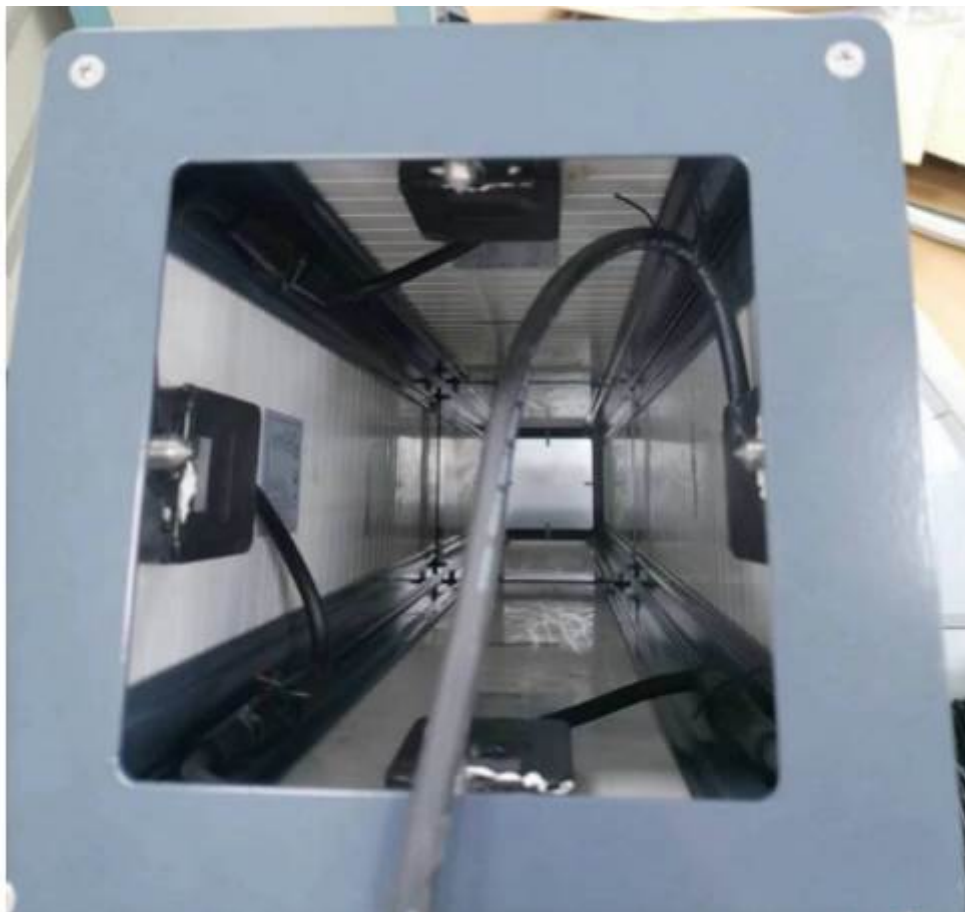

Remark: W-100 have same control device, battery pack and similar structure with FC-120, the differences between them were lamp body and appearance.

Report Number: CN244NBW 001

Model: See model list

Explosive view for W-100

Internal view of solar panel for W-100

Report Number: CN244NBW 001

Model: See model list

Internal view of solar panel for W-100

Connector between box of solar panel view for W-100

Report Number: CN244NBW 001

Model: See model list

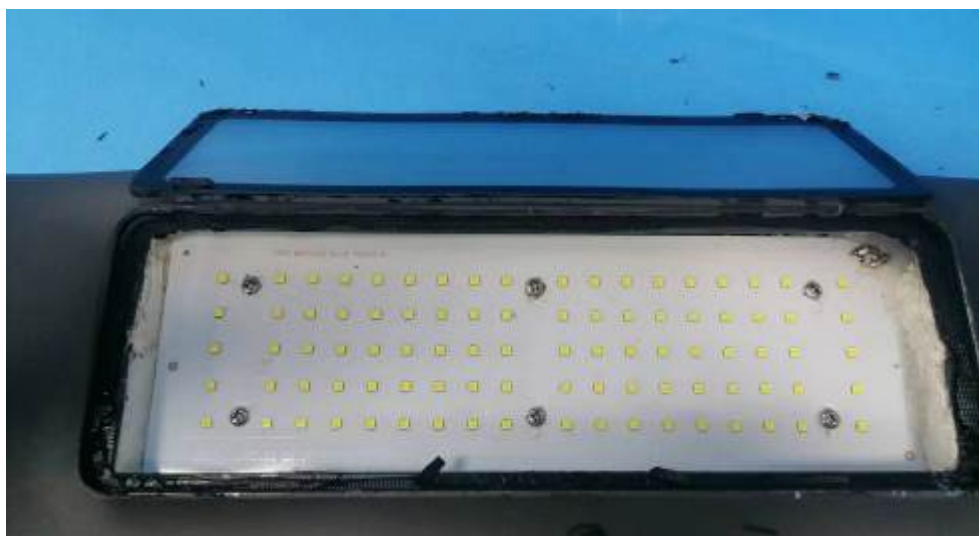

Box internal view of solar panel for W-100

Lamp body view for W-100

Report Number: CN244NBW 001

Model: See model list

LED module view for W-100

Remark: Glass cover was fixed by glue.

Detail view of LED module for W-100

Report Number: CN244NBW 001

Model: See model list

Detail view of LED module for W-100

Alternative lamp body view for W-100, same as lamp body of models in series 2 when they have same power.

Report Number: CN244NBW 001

Model: See model list

Control device view
for W-100

Detail view of control
device for W-100

Report Number: CN244NBW 001

Model: See model list

Detail view of control device for W-100

Control device view for W-100 and FC-120

Report Number: CN244NBW 001

Model: See model list

PCB of control device view for W-100 and FC-120

PCB of control device view for W-100 and FC-120

Report Number: CN244NBW 001

Model: See model list

Battery pack view for
W-100 and FC-120

Battery pack wire
view for W-100 and
FC-120

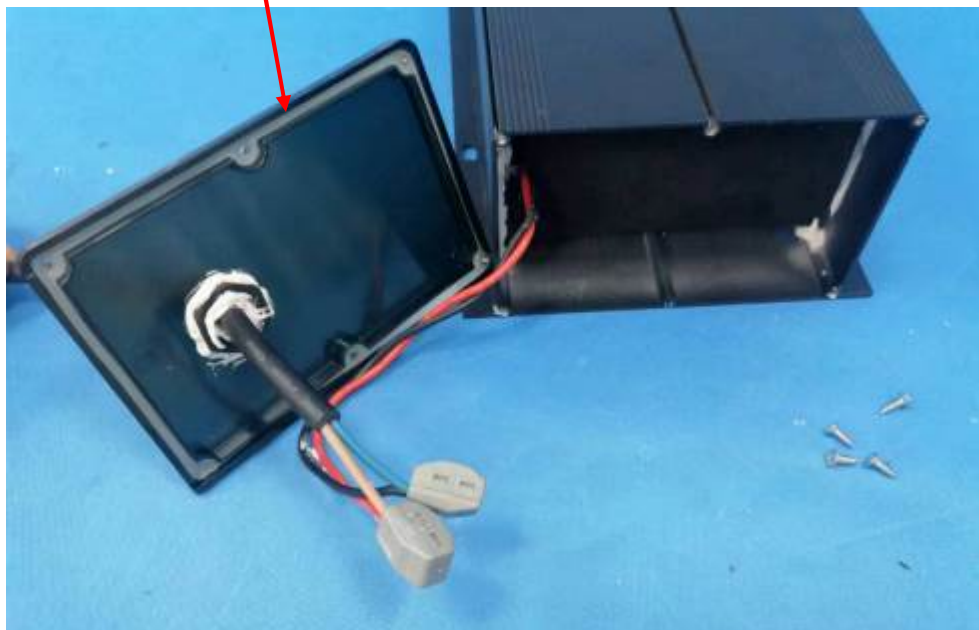

Report Number: CN244NBW 001

Model: See model list

waterproof rubber ring

Base view of battery pack wire view for W-100 and FC-120

Top view of battery pack wire view for W-100 and FC-120

Report Number: CN244NBW 001

Model: See model list

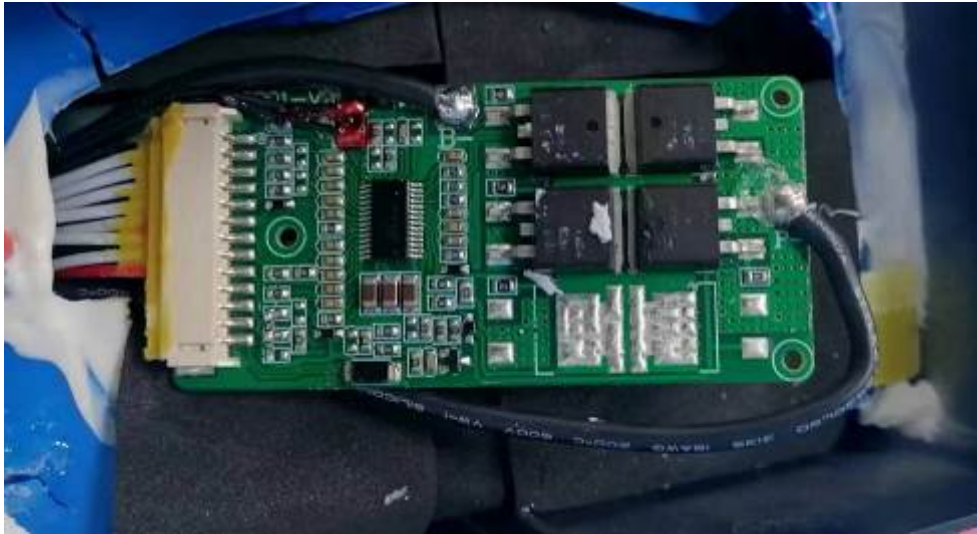

Battery pack view for W-100 and FC-120

Battery protection board view for W-100 and FC-120

Report Number: CN244NBW 001

Model: See model list

PCB of battery protection board view for W-100 and FC-120

PCB of battery protection board view for W-100 and FC-120
